COURT APPOINTED COMMUNITY SERVICE HOURS

Municipal court judges Dave Warner and Robert Baysinger are the cornerstones to the success of our community service work program at Hutchins Street Square.

184 people were assigned in the year 1997 for a total of 22,122 hours. A total of 8,424 hours were completed that year.

The program continues to grow when we have a strong maintenance supervisor to keep the workers focused and on task. All workers are tracked with a monitored sign-in sheet and individual acknowledgements are sent to the court when the work is successfully completed.

Computer Classes Have Begun at the Senior Center

In conjunction with the Lodi Adult School, the Senior Center is now offering beginning computer courses. We have fifteen new computers all equipped with Windows "98, the newest software program on the market.

Courses are currently six weeks long and meet twice a week. Students will learn the basic components and functions of the machine and will become familiar with the various programs that Windows '98 offers.

Students sign up for the classes based on their skill level. Our basic beginner course is designed for those students wishing to learn basic mouse skills, how to enter and exit programs, and very basic word process-

ing skills. More advanced classes allow for exposure to the Internet and e-mail access, as well as more advanced knowledge in Microsoft Works and Excel. Please call the Senior Center at 369-6921 to register or to get your name on our phone list for the next session.

HICAP Hints

What You Can Do To Stop Medicare Fraud

Here are some examples of possible fraud and Abuse:

- ♦ Billing for services or supplies not provided.
- ♦ Altering claim form to obtain a higher payment.
- ♦ Soliciting, offering, or receiving a kick-back, bribe, or rebate; for example, paying for a referral of a patient.

How can you protect yourself from Medi-

care fraud?

- ♦ Never give your Medicare or MediCal number to strangers.
- ♦ Always rely on your personal physician to recommend all medical services and equipment for you.
- ♦ Never give your Medicare or MediCal number to anyone for a "free" service. They do not need your Medicare or MediCal number if the service is truly free.

To make an appointment with a HICAP counselor, call 334-9608.

Pool Programs

It's summer time! Many senior citizens are participating in fitness and sports activities...Fitness for Seniors is the craze!

Studies of aging have always focused on a progressive loss of function. Research now shows that individuals have control over how well they age. As people get older and demand less of their bodies, disuse is responsible for about half of the physiological decline that takes place. Recent stud-

ies show that many of the effects of growing old can be minimized, delayed, and sometimes even reversed through regular physical activity.

One great way to keep in shape is through water exercise. There is virtually no impact on joints that can be found in land-based exercise and the resistance of the water makes your workout more efficient!!! Call 369-6921 or 369-2765 for Pool Schedules!

Join Our Square Walkers!

Come join during our gorgeous summer mornings before it gets too hot. We walk on site at the Square Mon-Fri starting at 8 AM; each lap around our facility is a half of a mile so its easy to keep track of your mileage. Stretching sessions are provided before and after each exercise session. Please remember to wear comfortable shoes. Call the Senior Center at 369-6921 for details!

Bereavement Group

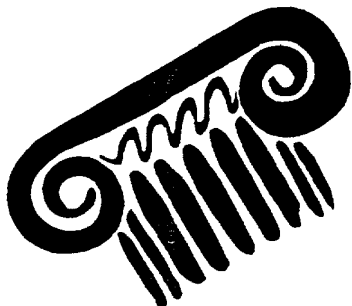

If you or someone you know has lost a loved one and find it difficult dealing with the grieving process, you may find the Bereavement Support Group will help to get you through those rough spots. This group meets on the second and fourth Monday of each month at 1:30 PM here in the Senior Center.

SQUARE NEWS MARKETING

The Foundation has taken advantage of the City's offer during the past few years to stuff the utility bill envelope with issues of SQUARE NEWS. Currently we print 27,000 copies to be distributed with the City billing and an additional 3,000 to cover our rural donors and friends of the Square.

This year Square News will be inserted these months:

January	August
May	October
July	November

In addition, later this summer, and each month henceforth, we will also stuff a "refrigerator piece" (size 3 1/2" x 8 1/2") to feature all the theatre and programmed activities at the Square; the reverse side will be a energy conservation/utility tip for homeowners.

All of the writing, photography and design work is done 'in – house' and printed locally at the expense of the Foundation.

LODI MUSIC FESTIVAL TO OPEN OVER LABOR DAY WEEKEND

Replacing Field and Fair Day over the Labor Day weekend in September is a set of big shoes to fill, according to Old Lodi Union High School Site Foundation Chairman Dennis G. Bennett. "The board is very pleased with the final report from consultant Dmitri Matheny and his recommendation to create a music festival for the community of Lodi."

The ideas were generated from retired Arts Commissioner Marlo Kerner, musician extraordinaire Dmitri Matheny and our many volunteers who are all clamoring to put together another decade of exciting community memories.

Matheny, a star jazz flugelhornist and creator of the San Francisco Jazz Festival, has created a lengthy report for the Foundation Board offering a program of work to fashion an exciting musical weekend for our community.

The caveat, of course, is the need for organization and underwriters to make the event happen and our target for the BIG festival is September, 2000.

However this year our focus is a little smaller and will be an introduction to the big event – we'll feature our traditional Teen Dance on Friday, September 3, 1999, sponsored by the Lodi Youth Commission and Omega Nu Sorority. Saturday evening, September 4 will feature an undisclosed headliner – we're not sure who it is at this point, but save the date – it will be BIG!, and a champagne reception. We're not serving dinner that evening – you need to start exploring the neighborhood restaurants in the area.

And Monday – this year is for the kids and your family with another headliner in the afternoon topped off by an ice cream social. Tickets will be available later this summer – we'll keep you posted. We need lots of help, as usual, and of course, your support. We're on the way to greatness.

Bennett indicated the event will be a unique partnership with the Lodi Convention and Visitors Bureau, the Lodi-Woodbridge Winegrape Commission, the Lodi Arts Commission and Lodi Unified School District. The event is slated for September 3 through 6,

1999, and will be dependent upon a large cadre of volunteers.

"The success of all of our events at Hutchins Street Square is largely dependent upon the talents and skills of volunteers," according to Bennett. "There is no way that we would even

Dmitri Matheny, Flugelhorn

consider an event of this size and scope without the support of our volunteers and community network."

Yvette Maragiano, veteran Field and Fair Day coordinator and Youth Commission Program Director will take the helm as organizer, while Marlo Kerner of Night Time Live fame has been appointed as the Music Director, and Sherri Smith, owner of Wine and Roses Country Inn will take the responsibility of Food and Beverage Manager. Meredith Felde, UC Davis sophomore will be the student intern.

Volunteers interested in assisting on this project and/or musicians who might want to participate should contact the Square's office at 333-6782.

ADULT DAY CARE AND CAMP HUTCHINS OPEN ON SATURDAYS!

The partnership between Lodi Memorial Hospital and the Square continues to grow with the announcement that both the Adult Day Care and Camp Hutchins will be able to expand their hours to include Saturdays.

Adult Day Care offers assistance to adults whose lives have been disrupted by a wide range of mental or physical ailments. The program provides family members with education, support and respite, allowing them to cope with the

stressful task of caring for a disabled senior. In addition to the regular 8 a.m. to 4 p.m. operating hours, the program will be expanding to include Saturday. If you are interested, please call the office at 369-4443. License #39-03-13117.

Camp Hutchins is a licensed year-round day care program for children ages five through 12 and offering enrichment and educational activities, field trips, arts and crafts. Camp Hutchins is offering two additions to the program including weekend child care and extended hours until 8 p.m., Monday through Friday. All children must be pre-registered. If you are interested in these programs, call 334-2267. License #39360370.

OFF TRACK SCHOOL KIDS VOLUNTEER AT THE SQUARE

We were seeing double for the months of January and February at the Square when seventh grade students and identical twins Julia and Margo Tyack bounced into the office announcing they had to "volunteer as part of their English assignment from Woodbridge Middle School."

And then we heard they were students of Mrs. Nancy Potts, so we knew it was a very serious assignment!

The girls contributed hours each week helping with the filing, photocopying and reading to clients in the Adult Day Services Center - there was never a job that they did not tackle with enthusiasm and vigor. We appreciate their energies, but perhaps more importantly, we appreciate Mrs. Potts' mandate to have these school age kids stretch their minds and find some very constructive activities to fill their days when off on break.

OUR OWN VAN!

The Adult Day Services Center has its very own van! The program now offers limited services to its clients to pick them up at their home and deliver them to the Center for the day. The van is wheelchair accessible. The Adult Day Services program operated by Lodi Memorial Hospital, is a social day care program for our seniors who need supervision during the day time hours. For more information call 369-4443. License #39-03-13117.

LODI NATIVE SHEILA WISHEK UNDERWRITES AMPHITHEATRE AT SQUARE

Lodi native Sheila Wishek, daughter of Farmers and Merchants Bank icon Carl Wishek, has announced her intended contribution of \$250,000 to underwrite the outdoor amphitheatre at the Square, according to Foundation Chairman Dennis G. Bennett.

Wishek, a Lodi Union High School graduate of the Class of 1954, said in making her commitment, "The Square is certainly a cornerstone to the continued growth and development of Lodi. My involvement with Farmers and Merchants Bank has been good for my family, and it is important to me to re-invest and support the many good programs that benefit the people of the community."

In response to Ms. Wishek's contribution, Bennett indicated the amphitheatre would be recognized as the "Wishek

Amphitheatre - in memory of her father, Carl Sr., and in honor of her mother, Eva.

Bennett also commented on the generosity of Ms. Wishek's interest in the Square and said, "We are so fortunate to have the support of Lodians in a variety of neighborhoods across the state who acknowledge the work we are doing at the Square to build this marvelous facility. Sheila's contribution is another prime example of people giving back to a community that has enriched their life. We are grateful for her contribution, especially knowing the City Council will match this gift dollar-for-dollar in our effort to reduce the construction debt."

Wishek currently lives in San Francisco and owns and operates Russian Hill Antiques.

MEMBERSHIP COMMITTEE MEETING

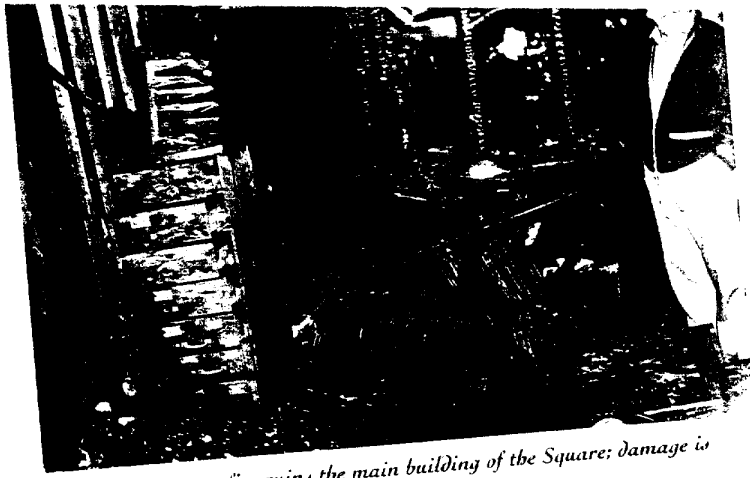

May 11, 1999 – attending: Brad Alderson, Carol Meehleis, John Ledbetter and Charlene Lange

Discussion and recommendations:

1. Reduce the membership grid to three categories and streamline the “gifts” to a minimum. Allow program to grow with opportunity as the Square grows.
2. Proceeds from the membership drive: 50% dedicated to the construction debt, 50% dedicated to programming at the Square.
3. Kick the program off during the Labor Day weekend – ties in with our Lodi Music Festival and the historic Field and Fair Day event.
4. Membership should be fostered as a community responsibility. Make the membership opportunity clean and operationally minimal. Market the support need with the expressed intent to be part of the success at Hutchins Street Square.

Visual reminder might well be a pillar with the individual names of the members written in the borders of the pillar coloring it in to the top. Ultimate goal and/or size? Installed on the front lawn of the Square as a marketing tool.
5. Consider pulling in a part-time staff member that would handle only the Foundation business, i.e., membership, bricks, memorials and donations. City finance advisers (auditors) are suggesting we need to insure the Foundation’s “money” business is not handled by a City employee. Cost to the Foundation if a 20 hour week person: \$15,000 +/-
6. Ask the tourism bureau to give us a number that correspondence with the spending habits of people who attend a function at the Square. Recognize the Square as the “economic locomotive” for the City of Lodi, enticing restaurants, hotels and other service industries to develop.
7. Additionally, create an evaluation form for the rental people to ascertain how many people they brought to town for housing, restaurants, caterers, flowers, other pertinent information that might help in our quest to identify the spin-off effects of the Square’s facilities.
8. Are there any other Cities in the state of California that have a cultural venture that pays for itself? Or assists in the fundraising efforts with a private foundation?

March 1974 arson fire ruins the main building of the Square; damage is surveyed by high school dean of boys, Charles Schiffmann.

Some of us have rare opportunities to become involved in an effort that has a profound effect upon our lives and provides great personal satisfaction and also enhances the lives of those around us. For me, that one experience has been Hutchins Street Square. I joined the Board on the strength of Ben Schaffer telling me that it was something I needed to do and should do for the community. What has transpired over the past number of years has been the most remarkable community effort ever shown in the City of Lodi.

It has been a memorable experience to see the high school that I graduated from closed, destroyed and restored into what now is the crown jewel of our community. I have been fortunate enough to play a small part in this effort and I have been able to work with some of the most dedicated individuals I have ever known. Hutchins Street Square will be here for generations to come, and I believe that we have extended an opportunity to our community that is not matched in any surrounding community. The number, generosity, and motivation of all the thousands of volunteers that have worked on this project have transformed a dream into reality and contributed to the heritage that makes our community special.

I would like to express my appreciation and gratitude for allowing me to be a part of this effort. It has been the most enjoyable and rewarding experience I have ever had as a volunteer in any community event. My dream is that it will continue to expand and grow and provide greater opportunities for the users of the future through new programs and activities and will carry on the proud tradition for generations to come.
